THE EMIGRATION

4th March - 24th April 2012

Bishop's Square, Spitalfields, London, E1 6AA

The European Public Art Centre - EPAC is a collaborative engagement between organisations across Europe focusing on intersections between art, science and society. It consists of nine outdoor exhibition spaces established in participating countries that include Latvia, Estonia, Finland, Portugal, Spain, Poland, UK, Lithuania and Iceland to establish the first ever Europe-wide contemporary art venue.

Now in C-LAB's (UK) third phase of the EPAC programme, where artworks rotate between participating countries, Lithuanian artist Martynas Gaubas presents his artwork **THE EMIGRATION**.

Gaubas' exhibition follows on from Portuguese artist António Caramelo's **DREAMING OF A BUTTERFLY** and UK artist Anne Brodie's **BEE BOX**.

This public art exhibition is curated by C-LAB.
